MISSIONARY RECEPTION

Tendered to New Members of W. F. M. S. at Dr. Crawford's Last Night.

The Woman's Foreign Missionary Society of West Market street Methodist church, last night tendered a reception complimentary to its new members at the residence of Dr. and Mrs. L. W. Crawford, on West Market street. A large number of invited guests were present and the occasion was one of rare enjoyment.

The house was beautifully decorated with flowers, plants, trailing vines, etc. The guests were treated to a number of choice musical selections during the evening, Prof. Clarence R. Brown and other talented and cultured vocalists rendering a number of songs.

Refreshments—enjoyable beyond description—were served in abundance at the proper hour and were fully enjoyed by those so fortunate as to be able to partake. The reception lasted until 12 o'clock.

LIEUT. CLAY DEAD.

He Was a Brother of Mrs. Julian Price, of This City.

On last Saturday Mr. and Mrs. Julian Price left their home in this city for San Francisco, in response to a telegram, announcing the serious illness of Lieut. Ralph Clay, a brother of Mrs. Price, in a hospital there. Last night a message was received here announcing the death of the young man. His death probably occurred before Mr. and Mrs. Price reached his bedside.

Lieut. Clay was a young man about 25 years old, an officer in the Thirtieth Infantry, regular army, and a son of Capt. R. de B. Clay, who was at one time an officer in the Fourteenth Infantry, but who resigned his commission and served in the customs house at Newport News for several years.

DOESN'T EFFECT GREENSBORO.

Southern Acquisition of the Atlantic & Danville Turns No Travel.

Dispatches in this morning's papers told of the lease, by the Southern, of the Atlantic & Danville railway, a through line from Danville to Norfolk. The road is leased for a term of 99 years, with privilege of renewal.

A telegram reporter asked at Supt. O'Brien's office today, if this deal would affect the travel between Greensboro and Norfolk, via Raleigh and Seale. He was told that it would not; that the Southern's lease on the Atlantic Coast Line's track, on this line, would not expire in two years, and travel would not be affected on this line until after that time, at best.

She Secured Credit.

The clerks at a Southside grocery store had a customer yesterday, whom they will not soon forget. She was a plainly dressed woman and wanted a dozen ears of corn on credit, until Saturday. The clerks, having never seen her before, very properly refused her credit, and when she had tried them all, she stationed herself in the door and looked longingly at a pile of corn displayed on the outside. Unnoticed by the clerks, she procured a large paper sack, counted a dozen handsome ears into it, and with a look of triumph on her face, she saucily held them up and remarked: "I'll see you Saturday, if nothing happens." She departed and the clerks gazed until she turned a distant corner.

Grand Picnic Outing.

The Southern's special rate to Asheville on September 6th is only \$3.50. On account of the popularity of the Southern's former cheap excursion rate to Asheville they have decided to give one more date on which our people can avail themselves of a pleasant outing to "our Switzerland," Asheville, N. C. You can take either the morning or evening train of September 6th, returning as late as the 9th on morning train, leaving Asheville at 5:15 a. m., central time, arriving Greensboro Saturday 12:10. This is the last opportunity you will have for an outing at so low a rate of fare. Tickets will be sold at all stations, Danville to Salisbury inclusive. See advertisements or call on Capt. John Graham, T. A., or R. L. Vernon, T. P. A.

An Unsuccessful Attempt.

Pantry thieves called at one place, on Wednesday night, where the occupants of the house were not so sleepy and awake to run them off. At Mrs. Omohundro's, on Davis street, they were chased out of the pantry. But later a man, who it is supposed was in the pantry, returned to the house and presented his head at the window of a bed room occupied by some ladies. A panic ensued on the interior and the stranger made himself scarce in short order.

Your Money's Worth.

It's a mistake to impress the public with the idea that you are going to sell them one dollar's worth of merchandise for fifty cents. Sell them a dollars worth and give them one hundred cents in value. This is the plan of Rankin, Chisholm, Stroud & Rees. See their ad today.

NOTHING SPICY OCCURRED

At Today's Session of the Rennes Court Martial.

EVIDENCE FAVORED DREYFUS.

Plain Evidence That the Prisoner Never Offered the Stuff Contained in the Bordereaux.

By Cable to THE TELEGRAM.

Rennes, September 1.—A number of Beaurass witnesses testified to minor matters. Captain Carvalho testified to the secret about the firing of the manual and the break mentioned in the bordereaux. The argument here is that Dreyfus couldn't have written the phrase in the bordereaux, "This document was extremely difficult to obtain." General Lebert thought the documents named in the bordereaux of little importance. Witness Small was of the opinion of Bertillon. Major Du Cret testified that he frequently offered to tell Dreyfus of certain artillery secrets, and that the latter always refused them. He said that Dreyfus had hardly offered the stuff mentioned in the bordereaux when he could have had the important ones he (Du Cret) offered him.

OVER HALF A MILLION

Increase in Value of Property in Guilford Last Year.

The new tax books for Guilford county show an increase of more than half a million dollars in the taxable value of property in the county during the year. This is a showing that few counties in the state can make and of which old Guilford may well feel unlimited pride. The total valuation of real estate, personal property, incomes, bank stock and building and loan in 1898 was \$6,955,709. In 1899 the tax books show the total valuation to be \$7,515,739, an increase of \$559,530 in one year.

Guilford county, with Greensboro and High Point, two of the most progressive cities in the state, is making greater progress possibly than any other county in North Carolina and must soon be one of the wealthiest. During the past year much northern capital has been attracted here, though money has been made and kept at home and the larger part of the increase has been made this way. The prospects are that the present year will be one of the most prosperous in the county's history and that the tax books of 1900 will show a remarkable increase over this year.

GRADED SCHOOLS OPEN.

Attendance Larger than Ever Before Regular Work Monday.

The city graded schools, except No. 3, white, opened this morning, with prospects for one of the most successful years in their history. Superintendent Grimsley is unable to give the number of pupils in attendance today, though it is, as always, larger than on the first day of the preceding session.

Today, the scholars are being assigned to grades and on Monday regular class work will begin. The teachers—as well as the children, we hope—have all spent pleasant vacations and resume their work with vigor and determination.

Officer Stewart Resigns.

Officer M. L. Stewart this morning filed his resignation as policeman with city clerk Michaux. The resignation will take effect in a few days and Mr. Stewart will move to Fayetteville, where he understands to engage in the cotton buying and horse-trading business. Though he has been on the force but a few months, Mr. Stewart has proven himself a capable and efficient officer and Chief Scott will regret to lose his services. His successor will be elected at the next meeting of the board of aldermen.

TRINITY NOTES.

Arrangements To Be Made for Opening of College, September 6.

Correspondence Telegram.

Trinity Park, Durham, N. C., August 31.—The first meeting of the faculty will be held on Saturday morning, September 2, at which meeting all preliminary arrangements will be made for the college opening. The college will open on Wednesday, September 6, and morning worship will be held in the Craven Memorial Hall, at which the students of both departments will be assembled.

Mrs. Gunn, who presides at the Mary Duke building, is expected to arrive at the park on Saturday. She has been spending the summer in Winston and the mountains of Western North Carolina.

Prof. Edwards, who has been studying during the summer in the laboratories of Chicago University, has returned to the park. During his absence he made a special study of scientific laboratories and apparatus, and will superintend the equipment of the science department at Trinity. During the coming year six or eight thousand dollars of apparatus will be put into the various laboratories.

President Kilgo spent several days last week in Nashville, attending a call meeting of the board of education of the church.

The foundation for the new dormitories at the high school has been laid, and the authorities hope to push it to rapid completion. There have been very many changes made in the surroundings and buildings at the high school. Headmaster Bivins is happy over the prospects for another year.

Prof. Plato T. Durham attended the Sunday School Convention of Wayne county last week and preached Sunday evening in Goldsboro.

The summer courses in physical culture, which are about to close, have been well patronized. The total enrollment has been forty-five. Considering that the gymnasium was only opened in last March this is believed to be a most excellent showing. The courses offered included swimming, medicine balls, bowling, and all the general work of a gymnasium. Prof. Whitehouse is now getting everything in readiness for next year's work.

His Finger Broken.

Harry, the little son of Mr. and Mrs. H. W. Cobb, of Danville, who is visiting his grandmother, Mrs. Seale, on East Washington street, happened to a very painful accident yesterday afternoon. He was putting some graphite on the sprocket chain of his wheel, when his hand caught and was carried into one of the cogs. One finger was almost severed. Drs. Beall and Richardson were summoned and dressed the wound and they hope the save the digit.

The Holiness Meeting.

The attendance continues to increase. The meeting yesterday afternoon was attended with blessing to many. Evangelist Hodgkin preaches holiness from the bible standpoint. Many are accepting this truth to the satisfaction of their souls. There will be a meeting especially for the children, between five and fifteen years, tomorrow afternoon at 3 o'clock.

When you want school shoes for the boys and girls, don't fail to investigate Thacker & Brockmann's line. They can furnish you with the kind of shoes you want, and their prices are extremely reasonable.

MR. BLAND'S SUCCESSOR.

Judge Shackelford Said to Be a Good Lawyer.

THOMAS SETTLE FOR GOVERNOR.

His Coming Out for the Amendment Makes Him the Logical Republican Candidate.

Special to The Telegram.

Washington, September 1.—The election of Mr. Shackelford, to succeed the late Hon. Richard P. Bland, the great silver leader, has excited some comment among politicians in Washington. Judge Shackelford is said to be a good lawyer, and to possess many qualifications to fit him as a Representative. He is a silverite, and is in favor of the renomination of Mr. Bryan. He is not well known in this city, but Missouri people who are here speak well of him.

The democrats are pleased with the victory won by their party in this election, and claim that it is a victory won by their party in this election, and claim that it is a victory for the opposition to the president's policy in regard to the Philippines. The campaign, by common consent, seems to have been fought out upon that issue, and the fact that the majority for the democratic nominee was increased over the majority last November is pleasing to them.

The republicans on the other hand profess to see nothing significant in the result, and say that it cannot be considered as showing that there is any wide spread discontent with the administration. The campaign, they say was necessarily decided on local issues, and that the increase in the majority, which is at best very slight, is due to the fact that this was an off year election.

The figures of elections in the district show that the district so long represented by Mr. Bland is naturally heavily democratic. In 1894 the republicans carried the district, but it was due to the tidal wave against the Cleveland administration which swept through Missouri. In 1896 Bland was elected to Congress by more than 4,000 majority. In 1898 his majority was 2,800, and this election Shackelford's majority according to the latest figures slightly exceeds 3,000.

The announcement that former Representative Settle of North Carolina, will vote for the proposed constitutional amendment limiting suffrage, is not a surprise to the friends of Mr. Settle in this city, who during his congressional term regarded him as a man of true convictions, and conscientious principles. It is the opinion of North Carolina people who have been seen that a large number of republicans will follow the example of the ex-congressman. Mr. Settle is believed by the announcement has placed himself beyond consideration as the republican nominee for governor, as by his course he is said to have incurred the enmity of the republican leaders of the Pritchard faction, who will probably control republican affairs in the state. There is said to be quite a desire, however, to get him to run for congress in his district next year, and North Carolina people say that by his manly course in voting for and supporting the constitutional amendment, upon the high grounds of the state, will make him the strongest candidate whom the republicans could name for congressman in his district.

Virginia people coming to Washington say that Congressman Jones is making the strongest kind of a fight for his friend Governor Tyler for the senate. His speeches, it is said, have been telling ones, and he has made some friends for the governor in almost every town and county in which he has been heard. The claims of the leaders in Virginia continue to be very conflicting. Both sides claim a majority of the legislature, though on the face of it, it must be conceded, the Marlin people seem the most sanguine.

Miss Nellie Herbert, a teacher in the public schools of the District of Columbia, has returned to her home in Georgetown after an absence of three months spent in attendance at the Hampton Institute, Virginia.

Dr. Frank J. Webb, who has been away for the past two weeks spending a vacation in the mountains of Virginia and North Carolina, has returned to his home in this city. He says that the trip has resulted in much benefit to him.

Next Monday and Tuesday the great Wallace shows will visit the National Capital. The Wallace shows are a stranger to the people of this city, but it is said to be a strong aggregation. This is the first circus, with the exception of Buffalo Bill's show, which has visited Washington this fall, and the outlook is for a very large attendance.

Miss C. Macdonald, of Goldsboro, N. C., is in the city for a few days. She is registered at the St. James hotel.

A BEAUTIFUL QUAKER WEDDING.

The Happy Couple Tied the Knot Themselves.

On last Saturday the overers of Friends New Garden Monthly Meeting at Guilford College reported to the Monthly Meeting in session that Vernon Brown, of Florida, and Florence Kennedy, of Goldsboro, N. C., members of aforesaid meeting had declared their intentions of marriage with each other and no objections appearing, the monthly meeting allowed them to proceed with their intentions, and at their request a meeting was appointed for that purpose to be held in Founders Hall of Guilford College. Accordingly a meeting was held on the 30th at 8:30 o'clock p. m., in the parlor of Founders Hall. The parlor was full of friends and invited guests. Mrs. P. B. Hackney and Mrs. F. S. Blair were ushers, and when the visitors were seated, the wedding party consisting of Mr. Brown and Miss Kennedy and four of their young friends as attendants entered and were seated. A solemn hush fell over the gathered company, while it seemed that from the portraits on the walls of Nathan Hunt, uncle Joshua and aunt Abbey Stanley, I-ham Cox, Greenleaf Whittier, Joseph Moore, uncle Jonathan and aunt Lizzie Cox and Eliza P. Gurney-Quaker worthies—there came smiles of approbation and expressions of sweet benediction upon the couple about to enter into the holy covenant of marriage. After a very brief pause Albert Steele, a minister of the gospel, read a portion of the 91st Psalm, then led in prayer, invoking the Divine blessing specially upon the young couple and upon all assembled. After this the couple stood up and joined right hands and Mr. Brown said: "I take Florence Kennedy to be my wife, and in the presence of the Lord and before this assembly promise with divine assistance to be unto her a loving and faithful husband until death shall separate us." She followed by saying, "In the presence of the Lord and before this assembly, I take my friend Vernon Brown to be my husband promising through divine assistance to be unto him a loving and faithful wife until death shall separate us." She made no promise of obedience, nor do members who marry according to the wholesome and beautiful form of the Friends church ever promise to obey.

After the couple had taken each other for husband and wife, for better or for worse, and had been seated, Albert Steele offered prayer again. President L. L. Hobbs then presented the marriage certificate which the two signed, she assuming the name of her husband—some one afterward said she turned Brown with one stroke of the pen. Then the meeting closed, after which all signed the certificate as witnesses. This certificate with the names of the witnesses will be copied in the records of New Garden Monthly Meeting and the original will be given to the man and his wife to hold as the legal evidence of their lawful marriage.

Marriages thus accomplished require no license from the state, nor is any fee paid to brother Abe, as register of deeds. After a time of social enjoyment the whole company was treated to refreshments.

At ten o'clock the wedding party took its departure for High Point, the future home of the happy couple.

Mr. Brown graduated at Guilford College in the class of '97, and Mrs. Brown attended the same school for some years. They take with them the best wishes of their friends present and absent. This eventful evening practically closes the summer resort season at Guilford for '99.

Judge Adams Retained.

Judge S. B. Adams left yesterday for Washington to appear before the authorities there with reference to changing the site of the Elizabeth City public building. Congress some time ago appropriated \$50,000 for the purpose of putting up the building, and the site was selected. As in the Winston case, there is dissatisfaction on the part of many citizens on account of the location selected and Judge Adams has been retained by them to secure a change, if possible, to a more desirable site.

The Whiskey Arrest.

Deputy Marshal J. M. Bailey returned last evening from Statesville where he went to arrest the 7,387 gallons of whiskey, belonging to Key & Company, which was recently seized. The whiskey will remain in the storehouses of Key & Company, arrangements for this having been made by Mr. Bailey. The storehouses will be guarded until the trial, contesting the title to the whiskey is held.

THE WAY TO SOLVE IT.

The second annual convention of the District Foreign Missionary Society of the colored Baptist churches, is in session at Baltimore, Md. Delegates are present from Maryland, the District of Columbia, Pennsylvania, New Jersey, Virginia, West Virginia, Ohio and North Carolina. Rev. Dr. W. C. Brown, of Winston, N. C., is president.

Yesterday the meeting discussed the status of the colored race, and the president sounded the key note in his annual address, which we copy in part, and which for its broad, common sense view of the question we have not seen equalled.

The president said:

"Many of our self-constituted race leaders rage and foam at the mouth like mad horses in their desperation to embitter the race feeling and to stimulate needless friction and rivalry. They discuss the problems, but never solve it; they widen the breach that separates the races, all to the detriment of our own unfortunate people. They fairly bite themselves with rage and rancor when fresh outrages and lynchings occur. They recommend retaliation, but give us no arms; they tell us to leave the white people, but fail to tell us where to go; they advise us to run our own schools, but give us no money. In fact, to follow their instruction would be worse than ruin to us."

"We deplore as seriously as any one the indignities which we are forced as a race to suffer. My whole nature revolts against insults and imposition; my blood boils and burns in my veins as I read of the barbarity which is perpetrated at some of these fiendish lynchings; yet the truth is, I can feel no more indignant, hurt and horrified than thousands of white Christians all over this country, north and south. We should not endeavor wrong support laws, we should condemn rape and rapists; lynchings and lynchings."

"A general revolt means general extermination. We have courage, but we have no resources. The thing to do is to sustain the closest relations possible with the enlightened Christian white citizenship of this country and secure by all honorable means their fullest cooperation in our struggle to rise."

"Cooperation and the unifying of the people is the right thing and should be supported. If we can not get all we desire or all we think we deserve, let us get what we can. We usually get a great deal more than we pay for. It is better to get nothing and be right than to gain the whole world and lose the soul. Call me what you will, an ingrate, a traitor, a slave—hear your venomous anathemas upon my head, scorn me, deride me—but, unmoved and firmer than ever before, I stand for cooperation between the white and the colored Baptists of this country, and I believe that my position is sustained by the whole moral force of the Bible."

"The destiny of the American people is 'one and inseparable.' Cooperation means everything to us; it

means opportunity, privilege and life itself. When broken from it we will find ourselves beneath a force which will grind us into powder."

"Therefore, as leaders in a crisis so imminent, so dangerous to our moral and material welfare, we cannot afford to make a blunder. We cannot afford to mislead our people, for with childlike simplicity they have confided to our keeping their most sacred rights and liberties. What we cannot secure by honest, straightforward living through the religion of the Lord Jesus Christ by accepting the proffered help to abler friends is not worth having. Whether it be the saving of Africa from the clutches of the conjurer and from the claims of heathenism, or whether it be the lifting of our own selves in this land to a higher Christian civilization, let us cheerfully and gratefully accept in good faith the benefactions of those whom Providence has situated to do us immeasurable good."

The address of President Brown is a timely rebuke to those false leaders who have been advising resistance, emigration, etc., to the negroes. He is a noble representative of his race, and speaks to his people sternly but wisely and the advice had best be heeded. It's the only way, we think. The negroes should seek the cooperation of the white people and give to their children a Christian education. For nearly nineteen hundred years the religion of the Nazarene has been the greatest preventive of crime that the world has ever found, and we see no reason to doubt its efficacy in this case.

So long as the cause, of which lynching is a certain result, exists, always will we have lynching with us. Remove the cause and this burning question is forever settled.

Yellow Jaundice Cured

Suffering humanity should be supplied with every means possible for its relief. It is with pleasure we publish the following: "This is to certify that I was a terrible sufferer from yellow jaundice for over six months, and was treated by some of the best physicians in our city and all to no avail. I now take great pleasure in recommending them to any person suffering from this terrible malady. I am gratefully yours. M. A. Hogarty, Lexington, Ky." Sold by C. E. Holton, druggist.

Discovered by a Woman

Another great discovery has been made, and that too, by a lady in this country. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery by purchasing of us a bottle of Dr. King's New Discovery for consumption, and was so much relieved on taking first dose that she slept all night; and with two bottles has been absolutely cured. Her name is Mrs. Luther Lutz. Thus writes W. C. Hammick & Co., of Shelby, N. C. Trial bottles free at C. E. Holton's drug store. Regular size 50 cents and \$1.00. Every bottle guaranteed.

INDIGESTION

Cured by Johnson's Dyspepsia Cure

"I suffered over two years with indigestion and Nervous Dyspepsia, unable to eat or sleep. I tried several physicians and different remedies, but they only helped me for a short time. A friend advised me to take Johnson's Dyspepsia Cure. I have taken three boxes, and am now feeling better than I have for two years. Have a good appetite, sleep well and have none of the symptoms of indigestion or Dyspepsia, while I have gained ten pounds in weight within a couple of months. I am taking pleasure in recommending Johnson's Dyspepsia Cure wherever I can, and several of my friends are taking it with marked results."—L. A. Arnold, Cinn.

One Minute Cough Cure, cures That is what it was made for.

General Wheeler

Taking in the situation around Manila. Now let Uncle Sam relieve Ota and give the old Buttermilk Ranger a half chance and you'll very soon hear the insurgents calling for the calf rope. The name Buttermilk Ranger was given to our cavalry during the 60s. An army to be victorious must have confidence in their leader. Take the record of General Jackson. Why, the soldiers under him knew no such thing as defeat, and to just say that Jackson's in the rear was enough to throw consternation in the camp of the enemy. Confidence is just as important in the commercial world, and the mere mention of the name

HARRY-BELK BROS. CO.

creates a panic in the mercantile arena. We cannot understand how we can always get in the rear of their prices, but this is easily explained. For we have a leader that knows every hog path that leads to the manufacturing plants of this country and keeps posted. In this way you see we only buy from first hands, thereby saving the middleman's profit. Our buyer spends weeks in the market. Take the army of stores—Charlotte, Greensboro, Monroe, and Union, S. C., and you will at once see that it requires tons upon tons of goods to supply them. Buying so largely we take the entire output of a number of factories. In this way we get the inside prices. Our buyer will soon

....LAND....

in the manufacturing centres of this union and, like Wheeler in the Philippines, you will hear something drop shortly in old Guilford that will astonish the natives. Before this takes place, and in order to make room, we have made JOB COUNTERS in all departments to clean up many valuable lines at half price. Price is no object. The room is what we want and must have. Be quick.
